To Whom It May Concern:

It is my honor to write a letter of recommendation for Sammie Dubrow, who has been a valued member of the Striar Hebrew Academy of Sharon after school program for almost three years.

Sammie first came to us in the fall of 2016, volunteering to help with our program. Her warmth, dependability, and work ethic were noticed and appreciated by everyone. By her third year, she had become indispensable, and her time with us evolved into a paid position.

Sammie has been a joy to work with, and the children really love her. She is relaxed and fun, but also has a maturity and thoughtful attitude that is wonderful to be around. I trust her completely in all her dealings with the children, she seems to know the right things to say and do to contribute to, and improve any situation.

I can't emphasize how confident I am in Sammie's abilities and in her potential in all her future endeavors. Please feel free to contact me with any questions or clarifications.

Sincerely,

Sharon Piran
